

Blasting machine BM-380

Art.No. 4900100

For use with rocket wrench and disrupters

Technical Specification

Voltage of capacitor	approx. 380V
Capacity of capacitor	6.8 μ F
Maximum resistance of the circuit	A 60 Ω , U 25 Ω
Bridge detonators with steel wires of 3,5m length in series connection	10A, 1U
Bridge detonators with Cu wires of 3,5m length in series connection	20A, 3U
Weight	approx. 300g
Dimensions (L x W x H)	approx. 135x35x55mm
