

# Protection visor

Art.No. 1100200

## Technical Specification:

### CONSTRUCTION

5mm polycarbonate formed without mould marks and imperfections.

### PERFORMANCE

The V50 of the visor is 250m/s as tested to **STANAG 2920**.

### NOTES

A 0.75cm polycarbonate scratch shield will be send with the main visor to protect from scratches.  
This can be replaced at low cost thus extending the life of the visor.

The visor can be supplied with the following fittings:

- velcro and polycarbonate head support
- helmet attachment fittings
- fitted to a blast helmet

### DIMENSIONS AND WEIGHT

Weight: 1,0 kg  
Size: 30 x 23 cm
